## MY SUBMISSION IS THAT

Tell us the reasons why you support or oppose or wish to have the specific provisions amended. (Please continue on separate sheet(s) if necessary).

We support fully the need to clean up our waterways - however this should be SUPPORTED & SHARED by the WHOLE COMMUNITY, not just by targeted industries. Allocating costs to individuals is unfair. Different catchments have differing contributing factors that have effect on the total measured quality of the waterbody therefore there should be acknowledgement, that is a need for subcatchments.

Our business relies heavily on the support of our rural community if they have compliance costs and restrictions enforced on them, this will reduce the discretionary spend, putting my business at financial risk. These risks have been stated in the PPEI and are unacceptable to any community business.
